Amelia Island

Located just off the coast of northeast Florida, Amelia Island is a barrier island rich in colorful history and breath-taking natural beauty. Its long, beautiful beaches, abundant wildlife, and pristine waters have made the island a favorite destination. Upscale resorts, with world-class spas, championship golf and exclusive dining, blend effortlessly with a captivating collection of bed and breakfast inns and historic districts. The island is home to Fernandina Beach, once a vibrant Victorian seaport village, and now a charming downtown district of eclectic shops, attractions and eateries.

Second Saturdays Artrageous Artwalks

Amelia Island and Fernandina Beach are also known for the upscale galleries and talented artists who call this Island home.

The downtown Fernandina Beach Galleries host monthly art events: Second Saturdays Artrageous Artwalks.

The galleries offer a vast array of fine art in varied media – photography, pottery, copper, metal, fused as well as stained glass, watercolors, acrylics, oils and batik. The Island Art Association and the Blue Door Artists house multiple artists and working studios.

Residents and tourists can enjoy the galleries and meet the artists during the Second Saturday Artrageous Artwalks monthly tours.

The participating downtown galleries are open from 5:30pm until 8:30pm the second Saturday of every month.

Amelia Island received a top ranking in the Conde Nast Traveler's 2009 Readers' Choice Awards. The destination was named among the Top 10 North American islands for the second consecutive year, finishing in the #4 spot ahead of Hilton Head, S.C. and Sanibel, FL.

Artrageous Artwalks & Participating Galleries

Open 5:30pm - 8:30pm Second Saturday of Every Month

1 AMELIA SANJON GALLERY

Devoted to displaying a wide range of fine art and artisan-made gifts, the gallery is also the working studio of artist Sandra Baker-Hinton, who is available to share her world of art, work with the Sea Turtles, and recommendations on the island's points of interest and current activities.

• Throughout the year, local and regional artists in most mediums, including Sandra's own work in painting, nature photography and "recycled" fused glass will be showcased.

• Since "Copper" is the newest fashion rage the gallery has an extensive collection of, too beautiful to describe, Vintage Copper Jewelry from the best known nationally acclaimed copper artists of 45-70 years ago. These pieces have the care-free, shiny like-new, non-tarnishing "Modernist" designs used by these artists making them truly collectable treasures. You will find these artists work featured in the book Copper Art Jewelry, A Different Lustre by Matthew L. Burkholz and Linda Lichtenberg Kaplan, which has become the standard of "collectable copper jewelry". A totally unique gift idea for any special occasion.
